COMPANY PROFILE

MOTORSPORT

The **determination** to pursue new targets and the **courage** to walk never-traveled streets are the keys to Paoli's success in the Motorsport world. The company continuously invests in research and educational training, in order to offer racing teams innovative solutions and wheel guns tailored to the specific needs of each championship. All this has made Dino Paoli Srl the ultimate reference supplier in the sector.

Thanks to decades of experience, continuous investments, and the outstanding training of its employees, Dino Paoli Srl is ready and expanding into innovative fields such as **aviation, aerospace, and underwater technologies**, with cutting-edge production techniques and a carefully selected network of suppliers.

It also offers a well-established **engineering and manufacturing service**, providing support from research and development to prototyping and up to mass production.

HISTORY

In Paoli we have always loved dreaming big. Our history is the story of a small Italian company that, full of hopes and projects, has been able to become a leading manufacturer for the Motorsport, Automotive and Industry fields. Paoli's name is now synonymous with wheel guns and impact wrenches all over the world.

Dino Paoli Srl proves that passion and hard work can make every desire reality: just throw your heart over the fence, and the rest will follow.
